

ACCURATA

Imidacloprid 17.8% SL

ACCURATA Broad Spectrum Systemic Insecticide for effective control of sucking insect pest.

ACCURATA is highly systemic insecticide quickly absorbed by plants with good xylem mobility.

ACCURATA inhibits the growth of insects and acts on nervous system.

ACCURATA is used as foliar spray as well as soil application.

ACCURATA has good compatibility with commonly used agro chemicals.

ACCURATA is used at lower dosage, hence safer to the environment.
