

TANTRAA-20

Chlorpyrifos 20% EC

TANTRAA-20 is Broad spectrum Insecticide with contact stomach and fumigation action.

TANTRAA-20 is a molecule from Organophosphate, affects the nervous system by inhibiting the breakdown of acetyl choline (ach), causing death of insect pests.

TANTRAA-20 has translaminar action and readily available at lower surface of leaves to control sucking pest.

TANTRAA-20 has good compatibility with most commonly used pesticides.

TANTRAA-20 controls sucking, chewing, biting and boring insects in various crops.

Crop	Pest	Dosage(ml/ha)	Dilution in water (liters/Hector)
Cotton	Bollworm, Jassids, Aphids, Whitefly	1250	1000-500
	Cut worm	3750	
Paddy (Rice)	Stem borer, Hispa, Gall Mide, Whorl maggot	1250	500-1000
	Leaf roller	1875	
Beans	Aphid, Black bug, Pod borer	3000	500-1000
Brinjal	Shoot and Fruit borer	1000	500-1000
Tobacco	Ground beetle	1750	500-1000
Apple	Aphid	3750 - 5000	1500 - 2000
Citrus	Black citrus aphids	1500 - 2000	1500 - 2000
Cabbage	Diamond backmoth	2000	500-1000
Onion	Root grub	5000	500-1000

PACK SIZE : 100ml, 250ml, 500ml, 1000ml & 5000ml
